

GABRIEL STAFFING ASSOCIATES

OUR STORY

In 1995 my Sister and I decided we were tired of working in the corporate world. Sitting at a kitchen table, we decided to take our combined 20+ yrs experience in long-term care and open a healthcare staffing agency. There was one minor problem. We didn't have the money to fund "the dream." For two years we planned for what we could only see with the eyes of our hearts. We crunched numbers, planned financial projections and reworked startup costs. And then one day ...God brought the money to us. On Nov. 3rd, 1997 Gabriel Staffing Associates was born. For approximately 6 mos. we went without a check just so our staff could get paid. This life of birthing this company and trying to make a positive difference in providing exceptional healthcare to generations before us had plenty of stress, while also trying to be business owners as well as Moms to our small children and wives to our husbands. The satisfaction in seeing our purpose for Gabriel Staffing achieved has made all those sleepless nights somehow worth it. Today, our children have children and we hope that they all will see through our life that if you have a dream, work hard, and trust God ...it can be done.
